2. This application became abandoned because the failure to prosecute was an unintentional delay. The entire delay in filing the required reply from the due date until the filing of this petition was unintentional 37 C.F.R. § 1.137(b)(3).

3. A Response or action required has been filed. In connection with the required reply which is required by this petition, please note that the response is by the filing of a request for continued examination in compliance with § 1.114.

4. Application status is other than small entity - fee \$1,620.00.

5. Payment of fee. Attached is a check to cover the \$1,620.00 fee. The Commissioner is hereby authorized to charge any additional fee which may be required by this paper, or to credit any overpayment, to Deposit Account No. 06-1382.

6. Showing:

Because this petition is more than one year after the date of abandonment of the application, Applicants additionally submit further information as to when Applicants (or Applicants' representative) first became aware of the abandonment of the application, and a showing as to how the delay in discovering the abandoned status of the application occurred despite the exercise of due care or diligence on the part of the Applicants (or Applicants' representative). 62 Fed. Reg. 53,131, 53,159 (Oct. 10, 1997).

On October 13, 2006, a Decision was rendered by the Board of Appeals confirming the Examiner's rejection of all of the pending claims as being unpatentable. On November 1, 2006, a Notice of Abandonment was mailed from the Patent Office indicating that the application had gone abandoned because the period for seeking court review of the Decision had expired and there were no allowed claims. Applicants' representative was not aware of the Notice of Abandonment because it was not inserted into the application file due to Applicants' representative having the file in his office awaiting instructions from the client. On December 13, 2006, a Request

for Continued Examination was filed with a Petition Under 37 CFR 1.103(c) to suspend prosecution for three months. There was no notice from the Patent Office that anything was improper. On December 18, 2006, our office was charged \$70.00 for a petition fee for this application. On February 1, 2007, our office filed a Request for Refund of the charged petition fee. On March 23, 2007, a Supplemental Response containing a 37 CFR 1.132 Declaration was filed with the Patent Office. On March 6, 2008, a Status Request was mailed to the Patent Office. On September 12, 2008, the Examiner handling the present application was called regarding the application's status and Applicants' representative was informed that the application was erroneously abandoned early and that a Petition to Withdraw the Abandonment should be filed since the Applicants responded to the Decision of the Board within the two month period. On September 23, 2008, a Petition to Withdraw the Holding of Abandonment was filed. On December 15, 2008, the Patent Office mailed the Decision dismissing the petition for not being timely. On January 7, 2009, a Reconsideration of Holding of Abandonment was mailed to the Patent Office.

Since Applicants' representative had timely filed the RCE in response to the Board's Decision, he was not made aware of the erroneous Notice of Abandonment until the interview conducted on September 12, 2008. The Patent Office had continued activity on the file after December 14, 2006 as evidenced by the erroneous deduction from the Deposit Account on December 18, 2006 and the letter from the Patent Office dated February 21, 2007 acknowledging receipt of our Refund Request. There also was no Notice from the Patent Office that the RCE dated December 13, 2006 and Supplemental Response filed March 23, 2007 was filed after the abandonment of the application.

Since Applicants are timely filing this Petition for Revival after discovery of the abandonment of the present application, favorable consideration and revival of the present application is respectfully solicited.

Respectfully submitted,

Terryence F. Chapman

Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Attorney called Examiner to determine what the status of the case was. Apparently, Attorney had filed a RCE within 2 months of the Board Decision to affirm the Examiner. However, an Abandonment was filed prior to that, which prevented the RCE from being entered into record. Unfortunately since the case is already abandoned it is up to Applicant to revive the case since the Examiner cannot do anything at this point. It was suggested that the Applicant file a petition to withdraw the abandonment since Applicant has responded to the Board Decision within 2 months as verified by the record.
